

BRIZ BUMPERS™

Freight Charges for Briz Bumpers is \$40.00 for ONE bumper and \$50.00 for a PAIR of bumpers via UPS ground.

Original 5-Rib Style Bumper..... \$195.00
Manufactured to exactly duplicate the 1937 Desoto style bumpers in appearance with a 4-1/2" face that is authentically ribbed per original design. The back side is smooth and fully finished - stocked in 64", 66" and 68" lengths.

Narrow 3-Rib Style Bumper..... \$195.00
Narrow style bumpers have a 3-rib face 2-7/8" wide for that lean, "HIGH-TECH" look and are fully polished on both sides. Also, the correct look for those pre-"fat fendered" rods such as T's, A's and 32's to 34's, etc. - stocked in 60", 62", 64" and 66" lengths.

"Shoobox" Style Bumpers..... \$205.00
We stock 5-rib bumpers for most '49 thru '53 Fords, Chevys, Mercs. and Plymouths. They are fully polished on the face side and are custom contoured to fit each application. In most cases installation will require custom brackets. Call for information on your particular app.

All bumpers are manufactured from high strength 6063 aluminum alloy and are fully polished to a high luster. In most cases they cost less than the price of rechroming alone. BRIZ also custom manufactures bumpers in any length and/or roll to your template.

Matching Stainless Bumper Bolts.....\$10.00 Each
Manufactured from stainless steel with a highly polished finish and radiused heads to fit over the ribs.

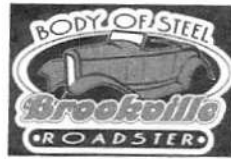

'49 Chevy Style License Plate Guard..... \$130.00
A highly polished alum. casting desinged to fit the 5-rib bumper. Easily modified to fit 3-rib.

'32 Grille Shell

B-1620 Grille Shell, Filled Top, Steel.....\$275.00

Sliding Hood Caddy

The prop rod slides up and down as you open and close your hood. In the up position, the prop rod locks with a thumbscrew so the hood can't fall or be knocked over. This also prevents the wind from knocking your hood over. Rods are made from polished stainless steel with polished alum. ends.

SLC2836- '28-'36 Cars.....\$119.95
SLC3738- '37-'38 Fords.....\$119.95

Polished Caddies for 4-Piece Hoods

HC500P..... \$54.95

These caddies mount to the upper corners of the firewall with two stainless steel studs and will hold both sides of the hood up on most cars with 4-piece hoods. They feature alum. bodies with stainless steel arms. The spring-loaded arms pull out and lock in the up and down positions. Caddies for 4-piece hoods is avail. in polished finish, with vinyl covers on the arms.

Steel Single Opening Hood Latch Kit

These kits give you the ability to choose which side you prefer to open simply by rotating a few parts to make it right or left opening or the entire top can be removed easily. Kits allow you to trim to fit. State year and model of car when ordering.

SHLK36 (36\$279.95
SHLK42 (42\$279.95

Hood Brace Kits

Some hoods may benefit from reinforcing when a hinge/latch kit is installed. Two types of braces are avail. Steel braces are made from 3/8" cold-rolled steel and have slotted mounting pads. Satin finish alum. braces are machined from alum. plate stock (not a casting) & feature machined cutout holes for lightening and visual enhancement. Screws and instructions are included.

Double-Opening Hood Hinge/Latch Kit

Allows access to either side of the engine. Made from satin-finished alum, the hinge kit adds a pleasing appearance to the engine compartment. All pull rods and prop rods (one for each side) are stainless steel, with alum. pull knobs for each side under the dash.

An easily installed warning switch mounts under the dash. When wired to the ignition switch, it signals a light or beeper to remind you to latch your hood. 36" and 42" lengths allow you to trim to fit. State year, model and make of hood when ordering.
